Community Care

Citizens are organized so that they take care of problems that currently the Dutch government caters for.

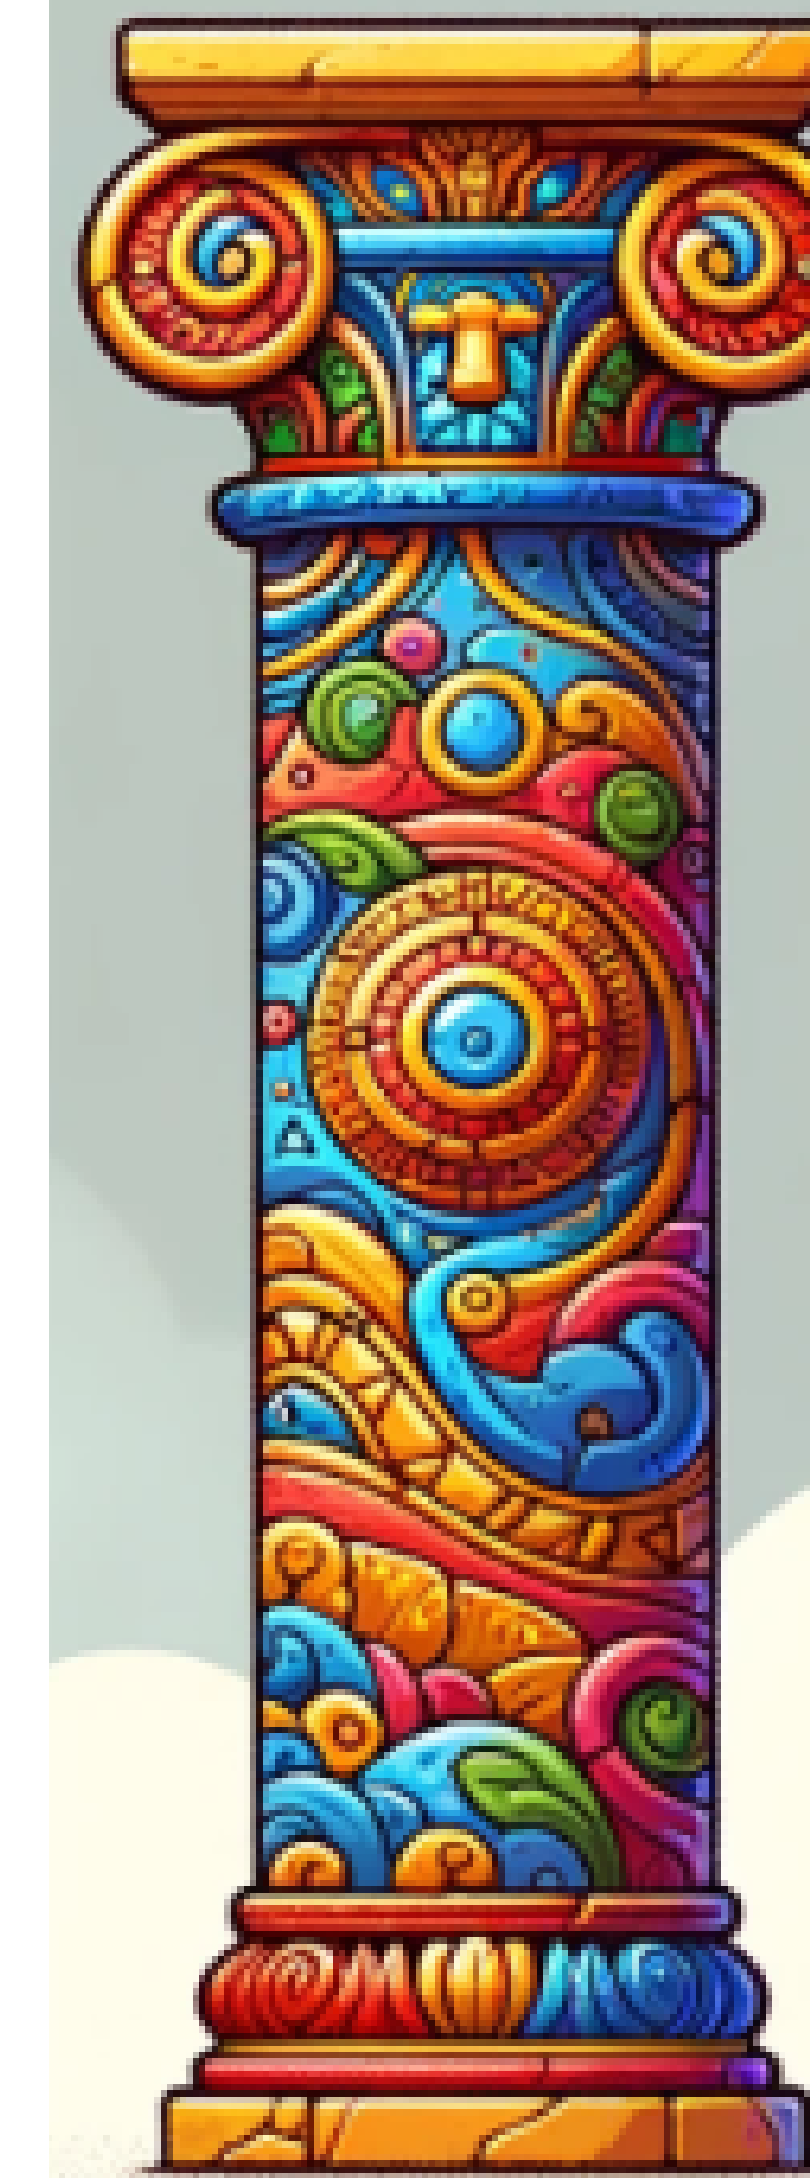

- Welfare
- Social and cultural activities, using volunteers.

WHAT'S THE PROBLEM?

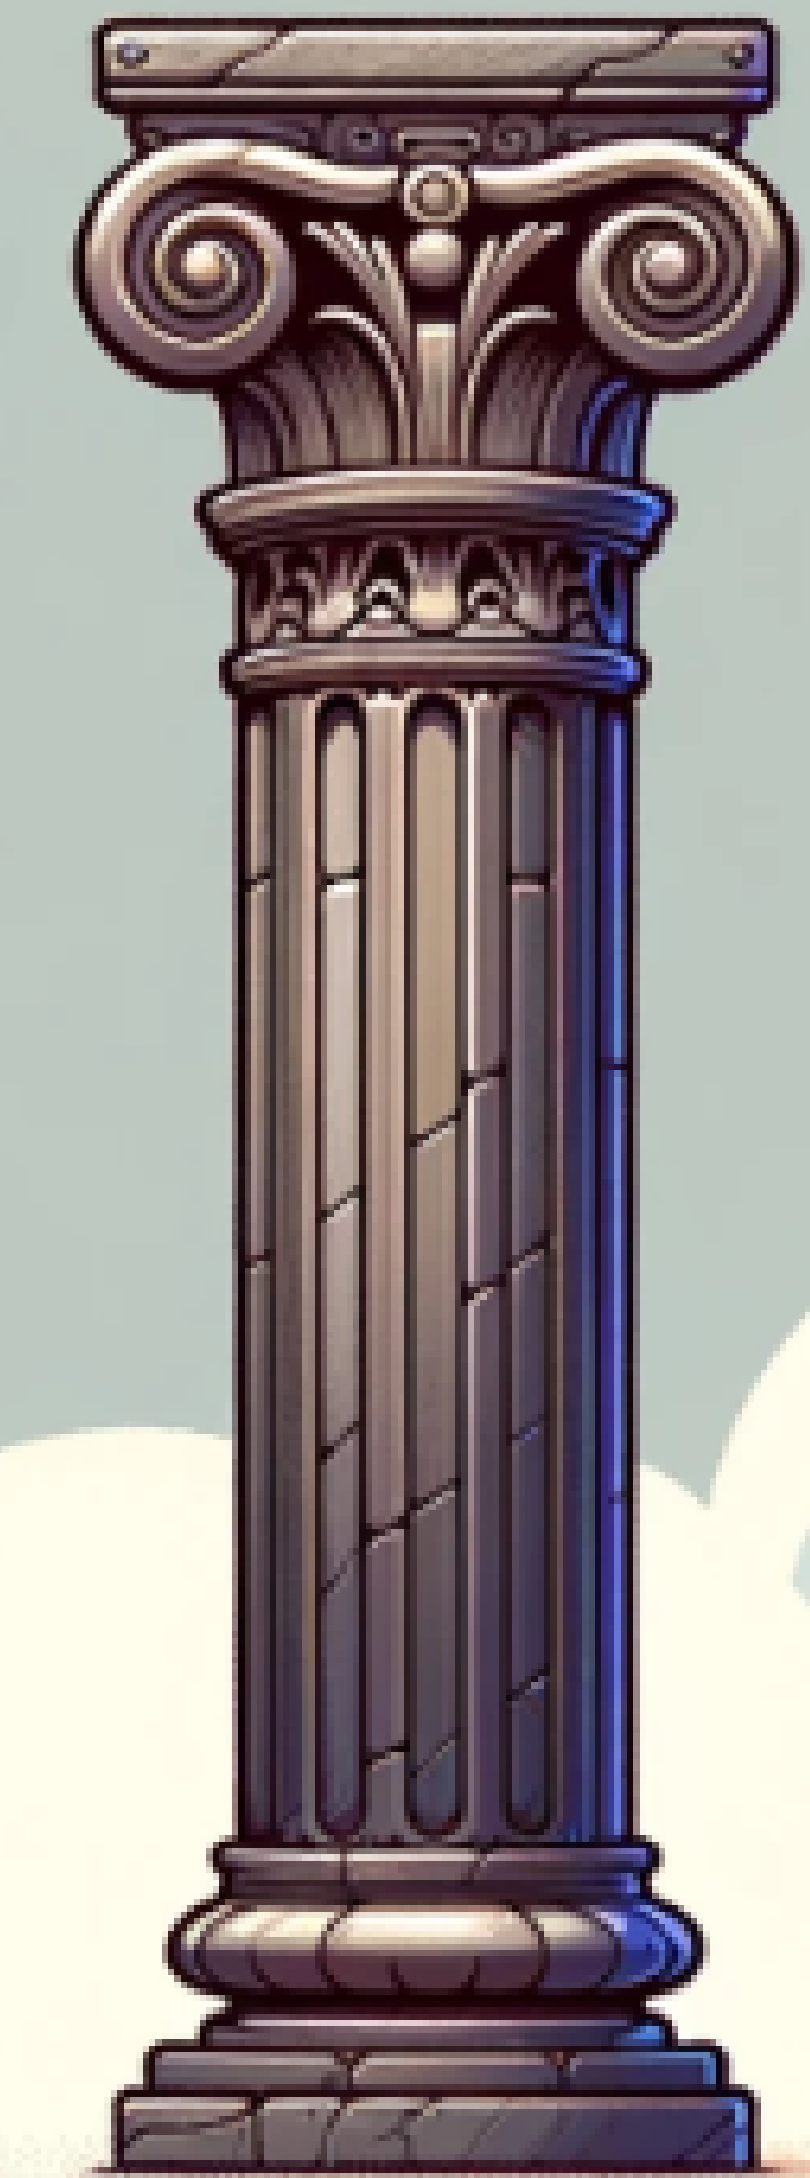

- Wrong-pocket problem
- Resistance of healthcare professionals to delegate
- Resistance to change

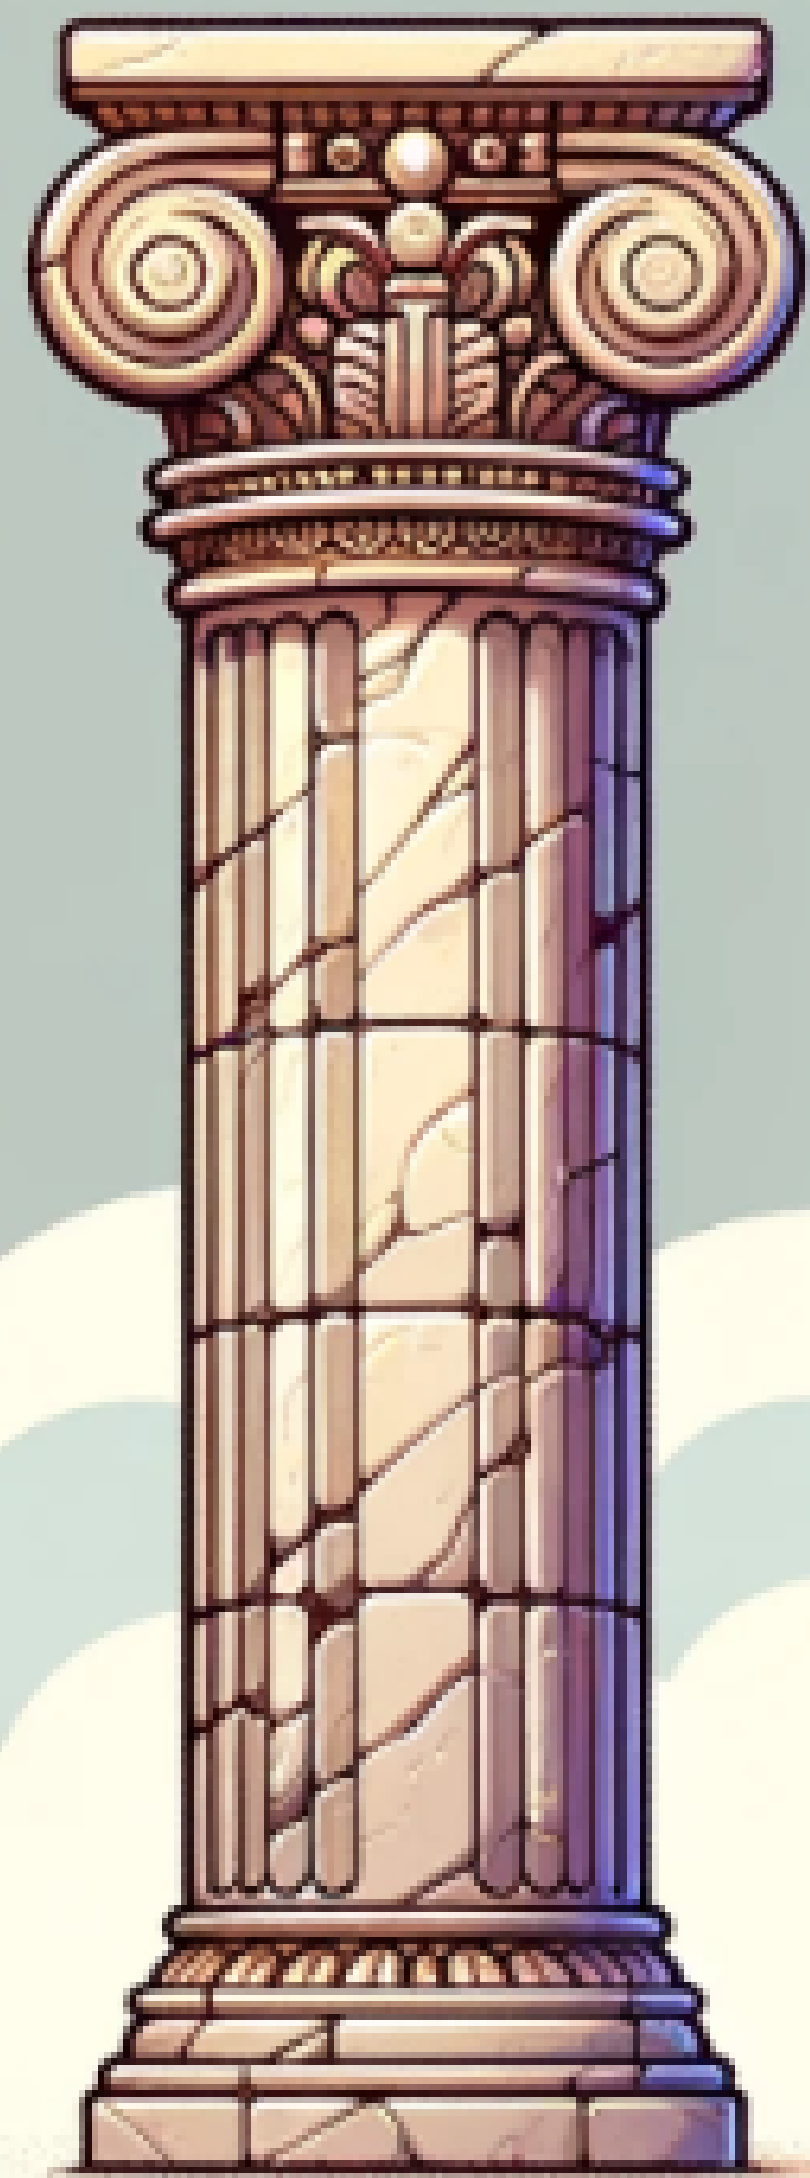

Society

Science

Policy

NEXT STEPS

Society

Using our writing skills, massive network and reputation, we do lots. Media performances, lectures, workshops, writings in the press, health magazines and a manifesto.

Science

Together with VU, AHTI, Vilans, Buurtzorg Netherlands, and European partners we select communicate care initiatives and evaluate them with help of data, econometrics and anthropology.

Policy

Visits to the minister of LTC, a visit to the ministry of Finance, exchanges with foreign delegations (Taiwan, Japan) and the delivery of a magazine to the Parliament and minister.
